

22 September 1953

MEMORANDUM FOR: Mr. Houston

1. The attached is a proposed T/O revision to give recognition to a transfer of functions which has already been effected. The function involved is that of disseminating non-CIA cables among DD/P Offices. In the past this was handled by three employees assigned to the Cable Secretariat, under [REDACTED]. The function has now been moved to the Requirements Staff in the [REDACTED]. Hence, this T/O change would shift the three positions affected from the Cable Secretariat (organizationally a part of the DCI's Office) to FI. Also, the DCI's ceiling is reduced by three and a corresponding increase made in the DD/P's ceiling. All Offices involved in this transfer of functions have indicated concurrence.
